**PORT & PARK FEES** include anchorage & mooring levies as well as dive passes, visitor permits and entrance fees to regional conservation parks and zones. These charges are imposed on visiting liveboards and on their passengers at the discretion of local harbour & port masters, shahbandars, village authorities & regional government officials. Often these levies change unannounced and arbitrarily, and they can wildly vary from port to port, from season to season and from area to area.

**FUEL ADDER** surcharges cover the extra mileage & marine fuel expenses that are required to execute certain itineraries that bring us to very remote areas of Indonesia.

Since prices for all of these expenses can fluctuate substantially and unexpectedly, the surcharges listed above can be increased or decreased at any time, with immediate effect and without prior notice.

The surcharges above have to be paid in full on board on the last day of the cruise, either in cash or by credit card.
